DAHLIAS

WHOLESALE PRICE LIST SPRING 1931

ALBERT A. BROWN

P. O. BOX 372

NORWALK

CALIFORNIA

TO THE TRADE

We have purchased the stock of Joseph Vavra of Huntington Beach and are ready to serve you with the same high class stock.

The stock offered in this list is entirely from our own fields and is grown especially for the roots, without any fertilization or forcing. More complete descriptions of the different dahlias are given in our retail catalog; this also describes additional varieties of which we have comparatively smaller quantities, and not enough to quote in this wholesale list.

TERMS OF SALE

All quotations in this list are for strong divisions of field grown roots; we do not ship undivided clumps.

When less than three roots of a variety are ordered they will be charged for at our regular retail rates, and will be shipped carriage charges prepaid.

Remittances should be made by draft, money order or check. Do not send stamps or currency unless the letter is registered. This is for your protection as we cannot be held responsible for money lost in the mail.

The prices quoted in this list are allowed only to those regularly established in any of the Horticultural Trades.

794	Zoe (pom) pure yellow.....	.25	.20

DAHLIA SEED

The crop of dahlia seed this year is considerably below normal, due to an unseasonable hot wind and early frost which prevailed in Southern California about the middle of November.

For this reason we are not able to quote prices on seed in bulk. However, we probably will have a limited quantity of the Standard Mixed and the Extra Selected Mixed to offer in trade packets at \$1.00 each.

The Special Grade is not put up in trade packets and the retail packets are \$1.00 each, net.

NON-WARRANTY

While we exercise the greatest care to have our stock true to name, and hold ourselves in readiness, upon proper proof, to replace any found otherwise, we give no warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds, bulbs or plants we send out and will not be in any way responsible for the crop.
